# Creative Possibilities: Design process

Below are a series of steps that can be used to identify and develop an idea using a human-centred approach. These creative techniques offer an approach that you can use to generate and explore ideas, and to help you think about how you would prototype your ideas and bring them to life.

Whether you are finding that special piece to celebrate a milestone, to pop-the-question, or for that spontaneous 'just because' present, luxurious jewellery is bound to be that sparkle you didn't even know you were missing. What makes jewellery even more special is ensuring that each piece you select for yourself or your loved one is ethical and kind to people, animals, and our planet.
